I don't know about you, but I'm getting anxious to see the first green blades of grass in my front yard! With that in mind, we have set up some fun projects that you can admire out in your yard or on your deck! Yard art not your thing? Maybe Mother's Day is on your mind. Read on to see what we have coming up just for you!
~Margie

Black Iguana

Mosaic Bird Bath

This is one of my favorite projects! Combine your love of the outdoors with art! We'll use an oversized terracotta dish and glass to make a one of a kind bird bath.

\$80.00 April 26th & May 17th @ 1:30

Beveled Jewelry Box

Create a Wonderful Gift! Great for Mother's Day, Father's Day, Weddings and Graduations. Complete a charming glass gift box as you learn the basics. How to work fast and precisely, custom build a hinge, design for durability, customize your box, and more! Basic experience in copper foil construction is required. Basic patterns and glass included.

\$45.00 April 29th @ 6:30 pm

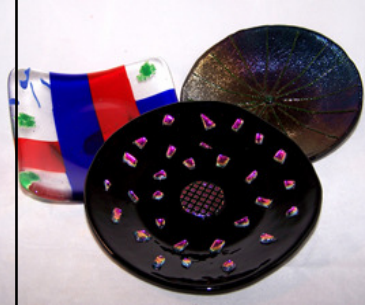

Make mom a special luncheon set created with lace and Foundations.

Lacy Luncheon Set

In about an hour you can design a wonderful Luncheon Set! Feel free to choose from any of our popular dinnerware to individualize your project. We encourages you to vary colors, patterns and techniques to create your own designs. All you need to bring is your own window lace to complete the project. Fun easy class! **\$25.00**

May 6th @ 6:30 pm

Basic Plate Making

This class is an introduction to one of the most popular forms of fusing. You will be using pre-cut elements to fuse and slump a round and a square plate, so no glass cutting is required. If you have been curious about kiln forming, this is the perfect way to get some fusing and slumping experience. No previous glass experience required. All required tools and materials are provided. Note: This class is two sessions, please plan to attend both sessions.

May 13th and 20th @ 6:30 pm \$125.00

Lamp in a Day!

I love how stained glass lamps look, I'm just not sure how to put them together! If you've ever thought this than this is the class for you. On May 10th starting at 11 am we'll get together to build and assemble a four sided panel lamp. With Spectrum's panel lamp pattern we'll cut, solder and assemble this great lamp in only a day! Class includes lamp base, vase cap, glass and lunch! **\$125.00**

May 10th @ 11 am to 5:30 pm

Tip of the month

Buy the very best tools that you can afford. A quality tool will save you lots of frustration and prevent a pile of broken glass. It is especially important to work with a carbide wheel cutter and a high quality breaker and/or grozer. Ask your stained glass retailer for advice on which tools are best for you. At Margie's Stained Glass, you can try out most of the tools before you buy.

BEADS !!

We offer this beginning class on glass bead making. These are hands-on workshops, including lectures, demonstrations, and extensive workshop practice. We teach how to use the **HOT HEAD**, an inexpensive non-oxygen torch to lamp work unique glass beads at home with very little equipment. This is great for jewelry or for adding jazzy accents to fused and stained glass.

Class fees includes everything -- students use our torches, fuel, and we supply the glass for these exciting classes. *No glass experience necessary! Beginners welcome!* **\$55.00 May 24th @ 1:30 pm**

MACA is Getting Fired UP!

On May 12th MACA and Margie's Studio are teaming up for fun!! We will be getting together with Lisa Lanthrop to make fused wind chimes! Don't wait to get in on this easy and fun project. We'll be using our NEW fusing center to create this beautiful chime in your choice of colors and learn the basics of stringing while having a fun time. Sign up with **Lisa Lanthrop, Arts in the Schools Coordinator** **Minot Area Council of the Arts. 701-852-2787**

May 12th @ 6 pm Cost \$30.00

Our Next "Beginning Stained Glass" class starts July 1st @ 6:30 pm. Reserve your spot today! 837-8555
